

Giving Back to Our Communities

2020 Impact Report • Central Illinois Region

Compeer Financial believes in the importance of supporting our local rural communities. One of the ways we do this is with our Fund for Rural America®. Each year, 1% of Compeer's net earnings is dedicated to the Fund. More than half of these dollars make a local and county level impact, helping the families and communities we serve every day. Here is a look at how these dollars impacted your local region of our 144-county territory.

Fund for Rural America[®]

2020 Impact Report

Giving back is one way Compeer Financial[®] champions the hopes and dreams of rural America. From the start, our cooperative made a strong commitment to corporate giving by dedicating one percent of net earnings each year to our Fund for Rural America[®]. The Compeer Financial Fund for Rural America saw its third full year of existence in 2020.

The Fund focuses its giving in five areas important to our clients and rural communities to support: Agricultural Advocacy and Development; Agriculture Education; Cooperative Initiatives; Rural Development and Community Enrichment; and Youth Engagement. Funding is distributed through ten different grants and scholarship programs, as well as through annual commitments to allow organizations to continue the good work they are doing.
